

What we spend money on

We spend money raised on many things that we feel would benefit the children at the academy. All of these start in the form of requests from the academy / group for funding. For instance in the last few years we have put funding towards all or part of the following requests:

- Contribution towards Academy House Awards.
- SEN seating area for outdoor project work.
- Specialised CD Player for Modern Languages
- Wheelchair for medical room
- Freezer for medical room
- DT built display screens for corridors
- Frisbees for the school team.
- Pensioners Lunch catered, served by children at the academy. Also performances by the academy choirs.
- Visualisers for English
- Art Books
- Memorial Wall
- Gym Leotards
- Family Matters sponsorship
- SEN iPad Apps
- Thank you meal for Head Students

We consider any requests asked of us at meetings and decide by vote, if needed, on funding the project or not. If anyone would like to get in touch with us about funding a project please do so.
